

## Call for papers at Scandinavian Electronics Event

Event : S.E.E., Scandinavian Electronics Event

When : April 24-26, 2018

Where: Kistamässan, Stockholm

**S.E.E. is the largest meeting place for the Nordic electronics industry and is organized by Stockholmsmässan and the Swedish Electronics Trade Association.**

During S.E.E. a number of activities for specific target groups will be organized, i.e. a seminar program. The seminars will be in an open format on the exhibition floor, with three stages directly adjacent to the exhibition.

### Themes

A wide range of areas will be addressed, but we will especially focus on

- Automotive Industry
- Innovations
- Medtech

### Description on the format of the papers

- Purpose: To describe the latest technology and trends within Electronic production, test & measurement, embedded, components and development and design.
- Content: Must be technology or trend based, also within research and development. It can cover both comprehensive and in-depth subjects. Any commercial content will be disqualified.
- Time: 30 minutes max, including questions.
- Language: English or Swedish

### How to submit an abstract

E-mail application to [see@stockholmsmassan.se](mailto:see@stockholmsmassan.se) mark "Abstract Seminar S.E.E. 2018"

### Abstract must consist of

- A suggested title
- A description of content, no more than 100 words
- A suggested speaker; short presentation of the speaker (title etc)
- Contact information

### Deadline Abstract

Send us your suggestion by September 22, 2017

### Program committee for Selection /Approval

A program committee consisting of members from the the Swedish Electronics Trade Association will be reviewing the submitted abstracts. They will also provide the final selection for the seminar program.
